Explore Your Options at Greenville Health System

At Greenville Health System (GHS), you can have it all—clinical excellence, competitive wages, commitment to patient-centered care and extensive professional growth opportunities. In addition, the beautiful Upstate of South Carolina offers an exceptional quality of life. If this combination sounds too good to be true, we invite you to see for yourself. Come explore the many advantages of working at GHS.

For more than a century, GHS has served as the Upstate’s premier healthcare resource—leading the way in medical education and clinical research, transforming patient care through integrated programs and offering community residents the right care in the right place at the right time.
Imagine the Possibilities

Greenville Health System is one of the largest and most diverse health systems in the Southeast, with 12,000 healthcare professionals and six medical campuses. Whether you prefer to work in a Level I emergency trauma center, a physician practice, a community hospital, a Level III neonatal ICU, a skilled nursing facility or a specialty outpatient center, we offer numerous ways to advance your career—all within our system and accessible to you.

As one of only 100 academic health centers in the country, GHS is well known for its clinical excellence and advanced technology. Many of our physicians are respected pioneers in their fields, working closely with our nurses and professional staff to provide patients with the highest standards of personalized clinical care. Using leading-edge technology and working with some of the nation’s most skilled professionals will enhance your own professional growth.

Vision: Transform health care for the benefit of the people and communities we serve.

Mission: Heal compassionately. Teach innovatively. Improve constantly.

Values: Together we serve with integrity, respect, trust and openness.
Share in the Benefits

We provide tremendous career and compensation opportunities. Our salaries and benefit packages include the following:

• Flexible schedules for full-time, part-time and PRN positions
• Paid time off
• Pension and retirement savings plans
• Medical and dental insurance
• Short- and long-term disability insurance
• Programs to help you chart your career

As an academic health center dedicated to education, GHS will help you reach your professional goals through degree programs and ongoing training.

Our generous tuition assistance packages provide extra motivation for you to take the next step. In addition, you’ll share in the pride that comes with working at a respected, innovative health system.
Live Fully

Along with fulfilling work at GHS, the Upstate offers you a wonderful place to live. Nestled in the foothills of the Blue Ridge Mountains, Greenville is a dynamic community that combines the amenities of a metropolitan area with a small community’s quality of life. Forget the gridlock and expense of the big city. Instead, experience green space and the ability to balance your work and private life. When you live in Greenville, you can look forward to the following:

• Pleasant climate with four distinct seasons
• Affordable housing
• Favorable taxes
• Low unemployment
• Broad-based economy built on advanced manufacturing, banking, engineering, electronics and international business
• Vibrant arts community
• Professional, college and amateur sports activities
• Diverse lifestyles and cultures
• Thriving downtown
• Proximity to prestigious universities
• Convenient location along the Boom Belt from Charlotte to Atlanta

Several major companies, such as Mitsubishi, Michelin and BMW, have discovered the Southeast’s best-kept secret—Greenville. Isn’t it time you did, too?

Balance your work and private life in Greenville’s vibrant community and landscape. Enjoy the amenities of a metropolitan area with a small community’s quality of life.
Make History With Us

For more than 100 years, GHS has been transforming health care in South Carolina. A recent example is the opening of a four-year medical school—University of South Carolina School of Medicine Greenville. We take part in collaborative research with the state’s three largest universities and conduct clinical trials on breakthrough therapies. We also train tomorrow’s nurses, physicians and other healthcare professionals in conjunction with academic institutions throughout the state. Along with improving the health of our communities, we are striving to build an economic engine that attracts major research investments to South Carolina. As one of our employees, you have a chance to make history with us.
